

In January 2024 The Ohio State University contracted service for catering and includes agreements with both drop-off catering options and full service caterers.

In February 2024 The Longaberger Alumni House is moving away from our list of approved caterers and will follow those of the university.

**Full Service:**

If you have previously used a full-service caterer from our list, good news! All of the full-service caterers that have been on our LAH approved caterers list are also on the OSU list.

Plus there are two new (to LAH) options for full service catering:

- LA Catering
- Steven's Catering
